Under the exacting eye of Williams-Sonoma Home design guru Stephen Brady, a 1930s San Francisco garage has been elegantly transformed into Spruce. The American dishes are prepared with organic produce from the eatery's plot of farmland in the Santa Cruz Mountains and served against a backdrop of mohair-clad walls, nail-studded chairs, and steel trusses. At 3640 Sacramento St. Call 415-931-5100; sprucesf.com.
